

Backend Intern

Tvoji zadaci

In Continental Autonomous Mobility Hungary, we are creating the next generation of software solutions to power safety-critical systems and enable autonomous driving features in new vehicles around the globe. We are working towards Vision Zero, a goal to eliminate thousands of fatal accidents happening every day on the world's roads. Our aim is to develop cutting edge techniques that sense and understand the vehicle environment.

We are looking for creative minds who are passionate about shaping the future of autonomous driving and bringing world class backend solutions into our products.

Your Task

- As a Backend Engineer Intern, you will support the development of the data visualization and data management tool of our large-scale data pipeline, supporting simulation and AI training use cases
- Work closely with development teams with the help of a mentor.
- Participate in tool development for backend services and analytics to optimize performance and scalability.
- Contribute to the operation of high-performance backend systems in the cloud.

Tvoj profil

- Experience in Python programming language.
- Familiar with SQL/NoSQL database management systems, concepts.
- Familiar with REST
- Experience with web application development (Chrome, Edge)
- Ongoing studies at a Hungarian university at least for the next 6 months in a technical area: Computer Science, Electronics, Electrical Engineering or related area.
- Good command of English language.
- Able to work 24 hours/week.
- Work independently, accomplish the tasks accurately and precisely.
- Have team player attitude and good communication skills.
- Be able to collaborate and work in an agile team environment.
- Be interested in industry leading technologies, patterns, processes and best practices.

Nice to have

- Experience with AWS
- Experience with Docker.

Ready to take your career to the next level and join us at the start of something extraordinary? Apply now to become a part of AUMOVIO and drive the future mobility together with us!

O nama

Continental's Automotive group sector is expected to be listed as independent company "AUMOVIO" in September 2025. With ~87,000 employees worldwide and annual sales of ~€20 billion, we are entering an exciting new era.

AUMOVIO stands for highly developed electronic products and modern mobility solutions. In addition to its strong market position with innovative sensor solutions, displays, and technologically leading braking and comfort systems, AUMOVIO has significant expertise in software, architecture platforms and assistance systems for the rapidly growing future market of software-defined and autonomous vehicles. Our purpose is clear: to make future mobility safe, exciting, connected, and autonomous.
