

IT Consultant for Windows Client global team (TM)

Vaše náplň práce

We're searching for a Windows Client specialist to strengthen our global Windows Client design team especially by integrating newest features, maintain security and functionality in our global Windows Client environment. As well, it should support our worldwide customers at the rollout, installation and troubleshooting processes of new Windows clients.

- 3rd level support for Windows Client services
- Participate and support global projects
- Responsible in developing & aligning the service for future requirements and trends
- Active Directory and Intune Client settings management
- Knowledge sharing within the global team and international IT administrators community.

Váš profil

- Graduate from IT as System Engineer with a degree, Information Technology Degree, or equivalent (Bachelor's Degree needed)
- Certification 2 to 3 years of experience supporting MS Windows environment (Client / Server)
- Certification or equivalent knowledge in supporting at least one operating system such as Windows 10 / 11
- Detailed knowledge about Windows Client and Windows Server and AD infrastructure.
- Good experiences in scripting with PowerShell
- Experience in managing local admin rights and security settings on clients
- Microsoft Azure/Intune and Microsoft Autopilot knowledge as a plus
- Basic knowledge about methodology and ITIL V3 best practices, as well as customer service
- Knowledge in agile project work or DEVOPs organizations as a plus
- Experience and willingness to work in international distributed teams.

O nás

Continental's Automotive group sector is expected to be listed as independent company "AUMOVIO" in September 2025. With ~93,000 employees worldwide and annual sales of ~€20 billion, we are entering an exciting new era.

AUMOVIO stands for highly developed electronic products and modern mobility solutions. In addition to its strong market position with innovative sensor solutions, displays, and technologically leading braking and comfort systems, AUMOVIO has significant expertise in software, architecture platforms and assistance systems for the rapidly growing future market of software-defined and autonomous vehicles. Our purpose is clear: to make future mobility safe, exciting, connected, and autonomous.
