

## Controlling Specialist

### 담당 업무

We seek a highly motivated and detail-oriented Controlling Analyst to join our dynamic team. The Controlling Analyst will be responsible for various financial activities, including budgeting, forecasting, period-end closing, fixed assets management, external audits, and other related controlling tasks as assigned. The ideal candidate will possess strong analytical skills, an in-depth understanding of financial principles, and the ability to work collaboratively in a fast-paced environment.

### Key Responsibilities:

#### Budgeting:

- Develop and maintain the annual budget in collaboration with relevant stakeholders.
- Monitor budget performance and provide insights into variances.
- Assist in budget revisions and adjustments as necessary.

#### Forecasting:

- Conduct regular reviews of financial forecasts and update as needed.
- Identify potential risks and opportunities and communicate findings to the management team.
- Prepare and present forecasts for various financial metrics.

#### Period End Closing:

- Prepare and post journal entries for period-end financial closings.
- Assist in the setup and reversal of accruals.
- Perform account reclassifications to ensure accuracy and compliance with financial standards.

#### Fixed Assets Management:

- Manage the investment, capitalization, and disposal of fixed assets.
- Oversee internal and intercompany asset transfers.
- Maintain the Asset Lapsing Schedule.

#### External Audits:

- Coordinate and assist in the end-to-end process review and walkthrough for external audits.
- Prepare schedules and provide details of operating expenses.
- Compile and maintain detailed listings of leases, Property Plant and Equipment (PPE), and transaction summaries.
- Collaborate with auditors and provide documentation as needed.

#### Others:

- Engage in various controlling activities assigned by the management team, including ad-hoc reporting, compliance assessments, or

process improvements.

## 지원자 프로필

- Bachelor's degree in finance, accounting, or a related field.
- At least 2 years proven experience in financial analysis and controlling.
- Strong proficiency in financial management software and Microsoft Excel.
- Knowledge of IFRS and GAAP principles.
- Excellent analytical, problem-solving, and communication skills.
- Ability to work independently and as part of a team.
- Attention to detail and strong organizational skills.
- Preferably with experience in SAP FICO.
