

Production Supervisor

Descrição da função

The Production Area Manager for Contitech USA Inc Marysville Ohio Facility provides leadership, direction and support for the hourly workforce to ensure overall business objectives are obtained. These objectives include but are not limited to safety, production, quality, cost and delivery. Additionally, the Production Area Manager will act as a change agent to help implement process improvements and management initiatives at the plant. Included in the endeavor is active participation in the Continental Business System (Lean) activities to reduce product and process variation and eliminate waste.

- Proactively promote and create a safe work environment for hourly production associates. Provide hourly associates with the tools and resources necessary to work safely. Ensure accountability at the plant level with respect to safety rules and processes.” Conduct root cause analysis and implement corrective actions to prevent safety incidents.
- Effectively communicate plant policies and procedures. Assure compliance to plant policies and rules.
- Ensure that associates receive the appropriate training including but not limited to safety training job certification/re-certification, and quality/safety alerts.
- Assign and supervise labor to efficiently produce high quality products. Implement and drive process improvements to increase productivity and OEE.
- Provide accurate record keeping and documentation to include but not limited to time & attendance systems, payroll, overtime management, training and process audits.
- Additional job duties as necessary to facilitate plant operation.

Quem somos

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2020, Continental generated sales of €37.7 billion and currently employs more than 192,000 people in 58 countries and markets. On October 8, 2021, the company celebrated its 150th anniversary. The ContiTech business area focuses on smart and sustainable solutions beyond rubber and develops digital and intelligent solutions in future-oriented sectors. In doing so, ContiTech draws on its long-standing knowledge of the industry and materials to open up new business opportunities by combining various materials with electronic components and individual services. The products, systems and solutions developed by ContiTech are used both in the automotive industry as well as in railway engineering, machine and plant construction, mining, agriculture and other important sectors of the future.
