

Retread Specialist

Your tasks

Are you passionate about retread, tires, technology, and continuous improvement?

Do you want to be part of a global company shaping the future of mobility with smart and sustainable solutions?

Then this opportunity is for you!

At Continental, we are looking for a Retread Specialist to play a strategic and technical role, ensuring that our retread products and processes are applied with excellence and deliver the highest levels of performance and quality to our customers.

Your mission:

Be the technical link between Continental, our customers, and our retread partners – driving business growth through training, audits, technical visits, and continuous process improvement.

You will:

- Visit retread customers to ensure processes and products meet Continental's standards.
- Deliver technical training to internal and external teams, sharing best practices and technical expertise.
- Conduct process audits and analyses, ensuring quality, compliance, and operational excellence.
- Support the introduction and validation of new products, materials, and suppliers.
- Collaborate closely with internal teams to translate technical advantages into customer value.
- Gather market insights and customer feedback to identify improvement and innovation opportunities.

Your profile

- Degree in Engineering, Business, or a related field.
- Fluent English (mandatory)
- Solid and proven experience in retreading processes; technical knowledge of compounds and materials is a plus.
- Hands-on, analytical, and collaborative profile, with strong focus on results and customer satisfaction.
- Excellent communication skills and ability to deliver engaging technical training sessions.
- Availability for travelling at least 60% of the time.

About us

About Continental:

Continental develops pioneering technologies and services for the sustainable and connected mobility of people and their goods. Founded in 1871, the technology company provides safe, efficient, smart and affordable solutions for vehicles, machinery, traffic and transportation. In 2021, Continental generated sales of €33.8 billion and currently employs more than 190,000 people in 58 countries and markets. On October 8, 2021, the company celebrated its 150th anniversary. With its premium portfolio of the division of cars, trucks, buses, two-wheelers and special tires, the Tires sector of the group provides innovative solutions in the area of tire technology. Smart products and services related to tires and the promotion of sustainability complete the product portfolio. For specialized dealers and fleet managers, the Tires sector offers digital tire monitoring and management systems, in addition to other services, with the objective of guaranteeing the operation of fleets and increasing their efficiency. With the supplied tires, Continental makes a significant contribution to safe, efficient and environmentally friendly mobility.
