Váš profil

- Student at a Technical University;
- Basic knowledge of mechanical systems and industrial processes;
- Proficiency in Microsoft Office (Excel, Word, PowerPoint);
- Familiarity with SolidWorks or Autodesk Inventor (CAD design) - is a plus;
- Good communication skills in English;
- Ability to read and understand mechanical drawings - is a plus;
- Pneumatic/hydraulic knowledge and schematics - is a plus;
- Availability for a full-time schedule (8h);
- Availability to spend time on the shopfloor;
- Attention for details;
- Analytical mindset, attention to detail, and willingness to learn;
- Ability to work in a team-oriented, fast-paced environment.

Co nabízíme

- Integration Program in a professional, young & dynamic team;
- Competitive Salaries (based on performance);
- 13th salary;
- Health & Wellness Benefits (Private Health and Life Insurance, Sport activities etc.);
- Different discounts (glasses, tires, medical, shopping);
- Professional Development Opportunities (in Technical and Managerial Area);
- Flexible Working Schedule;
- Stability;
- International Work Environment & Traveling.

O nás

Continental develops pioneering technologies and services for

sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2024, Continental generated sales of €39.7 billion and currently employs around 190,000 people in 55 countries and markets.

With its premium portfolio in the car, truck, bus, two-wheel and specialty tire segment, the Tires group sector stands for innovative solutions in tire technology. Intelligent products and services related to tires and the promotion of sustainability complete the product portfolio. For specialist dealers and fleet management, Tires offers digital tire monitoring and tire management systems, in addition to other services, with the aim of keeping fleets mobile and increasing their efficiency. With its tires, Continental makes a significant contribution to safe, efficient and environmentally friendly mobility.
