

SAP Basis Administrator-Tires SLP

あなたの仕事内容

Continental Tire currently seeking for IT HUB SLP a dynamic and experienced SAP Basis Admin to join our team in the Manufacturing industry. The ideal candidate will have a strong background in SAP Basis and manufacturing, with the ability to design, implement, and maintain our SAP systems. This role offers an exciting opportunity to join a growing company, where you will play a key role in driving our business forward.

Responsibilities:

1. Provide technical support for SAP Basis system, including system installation, configuration, troubleshooting, and performance tuning.
2. Work closely with other team members to ensure the smooth operation of our SAP systems, including the resolution of any issues that may arise.
3. Develop and implement strategies for system maintenance and updates, ensuring that our systems remain up-to-date and secure.
4. Collaborate with other departments to understand their needs and ensure that our SAP systems meet these needs.
5. Provide training and support to users, helping them to make the most of our SAP systems.
6. Monitor system performance and usage, identifying any potential issues and taking action to resolve them.
7. Participate in the planning and implementation of SAP system upgrades.
8. Ensure the integrity and security of our SAP systems, implementing appropriate measures to protect our data and systems.
9. Collaborate with SAP DC providers, operations & application teams for syst reliability & performance
10. Participate in rotational On-call weekend production support

あなたのプロフィール

1. Bachelor's degree in Computer Science, Information Systems, or a related field.
2. At least 3 years of experience working with SAP Basis in a manufacturing environment.
3. Strong knowledge of SAP systems, including system installation, configuration, troubleshooting, and performance tuning.
4. Excellent problem-solving skills, with the ability to troubleshoot and resolve issues quickly and effectively.
5. Strong communication skills, with the ability to explain complex technical concepts to non-technical colleagues.
6. Demonstrated ability to work well in a team, collaborating with colleagues to achieve shared goals.
7. Proven experience in planning and implementing SAP system upgrades.
