

Lean Manufacturing Coach / Plant CBS coach

Descrição da função

We are looking for a Lean Coach for the Continental Business System (CBS) area in our Sumter location. Continental Business System - CBS at Continental stands for our mindset to strengthen our performance and meet our customers' expectations through lean and continuous improvement. It is only through the consistent application of our CBS principles and methods that we achieve our commitment to efficiency and contribute to quality. We only win as a team by taking all responsibility for CBS and constantly challenging our status quo by creating a reliable, simple and waste-free work environment.

- Coach/train in all relevant areas of all lean topics (e.g. lean admin, lean development, lean manufacturing, etc.) and lean methods (e.g. 5s, process mapping/value stream mapping, TPM, standardized work, CIP, etc.)
- Initiate and develop all lean activities and structural optimization activities in the defined area of responsibility with the Sumter plant and ensure the success of program will have a lasting effect
- Define targets for processes in alignment with the division, business unit, and the plant
- Organize milestones and reporting structure for CBS projects and assist in development of CBS standards and training
- Give structure feedback/lessons learned back to the global CBS
- Train CBS principles, framework, methods, tools, processes, etc. coach business unit/division/CBS BU coaches in CBS implementation and setting up roadmap
- Align cross business unit/division topics and coordinate common activities
- Perform moderation of meetings, workshops and coaching from change processes and activities
- Develop projects at the business unit in alignment with the global CBS
- Support and adjust CBS project roadmap(s) and workshop(s) schedule and support workshops and coach CBS trainers on site projects
- Drive cross divisional communication
- Support business unit in getting the necessary expertise for CBS principles and methods
- Identify competency gaps and close them in alignment with CBS competency management/training partners
- Assist in promotion of culture changes and foster the mechanism of lean approach within business unit and its locations
- Coach business unit organization and develop business unit/division leaders in CBS philosophy
- Give guidance in lean leadership during CBS implementation
- Must have strong verbal communication and interpersonal skills to work across all functions in a manufacturing environment
- Ensure implementation of measures and maintain controls
- Raise awareness and provide information about ESH responsibilities and duties
- Ensure immediate notification and response, and initiate preventive
