

IMDS Coordinator Material

Your tasks

As "IMDS Coordinator Material," you are responsible for executing, coordinating, and supporting the IMDS activities in the whole Business Area.

Your main tasks are:

- IMDS process ownership for in-house IMDS;
- Define, establish and support a standardized process for the creation, validation, and submission of IMDS;
- Create and establish documents to give guidance (e.g. how-to, guideline, handbook, checklist, etc.);
- Manage incoming IMDS requests and adhere to customer timeline;
- Evaluate in-house IMDS submissions, and follow up with internal departments to submit the correct IMDS;
- Manage the creation, validation, and submission of IMDS reports and understand each customer's unique requirements;
- Analyze IMDS data and determine if they are acceptable under the current IMDS criteria; manage corrective action with support from material experts;
- Training of IMDS users;
- Define, establish and continuously improve the tools and methods to execute the IMDS process with a focus on efficiency and quality (e.g. digital tools, usage of Artificial Intelligence, etc.).

Your profile

We are looking for:

- Technical education (e.g. M.Sc., Dipl.-Ing., Ing., Dr.);
- Minimum 2 years experience in the automotive industry;
- Minimum 2 years of experience in R&D or Quality;
- Advanced knowledge of the IMDS system
- Knowhow of automotive-specific rules and standards, in particular, IATF16949 CSR, REACH, Directive on End-of-Life Vehicle;
- Fluent English language skills;
- Independent working ability and assertiveness;
- Communication and moderation skills;
- Organizational skills;
- Project management skills.

About us

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2022, Continental generated sales of €39.4 billion and currently employs around 200,000 people in 57 countries and markets.

The ContiTech group sector develops and manufactures, for example, cross-material, environmentally friendly and intelligent products and systems for the automotive industry, railway engineering, mining, agriculture and other key industries. Guided by the vision of "smart and sustainable solutions beyond rubber," the group sector draws on its long-standing knowledge of the industry and materials to open up new business opportunities by combining various materials with electronic

components and individual services.
