

SAP Specialist - Fiori/UI5 developer

Vaše náplň práce

Our Mobile Technologies group within the IT Competence Center SCM at Continentals Group Sector ContiTech drives the digitization in our plants worldwide – and we want you to join us!

In this position you will be part of our global IT team designing benchmark Supply Chain IT solutions. In collaboration with our business partners, we continuously improve processes and performance in order to meet customer demand.

We partner with our Global Central Function and other areas within the company to implement new functionalities or test and evaluate new technology. We are a global and highly motivated IT team that has freedom to act and embraces diverse thoughts and perspectives.

If you love to develop and improve digital solutions and implement them from concept to product, Continental is the perfect match for you.

In this exciting job you work on the following tasks:

- Working in an agile team to improve and transform our Supply Chain IT Toolbox
- Application development and functional testing
- Developing & administrating mobile applications based on UI5
- Creating & supporting cross-functional interfaces for AGV, Order Distribution Systems & SAP
- Second level application support
- Collaborating and learning together with IT colleagues from other areas and internal customers globally

Váš profil

- Academic degree in Information Technology, business administration or an equivalent qualification with relevant experience
- 5 - 10 years of IT working experience with SAP & FIORI
- ABAP development knowledge
- Analytical and strategic thinking capabilities
- Open and proactive mindset
- Professional working proficiency in English
- Experience working in an international, virtual team & environment, intercultural sensitivity
- Open for international travel

Preferred

- SAP eWM & SAP WM
- consultancy experience in SCM area
