

Job Opportunities in Architecture and Networking (Iasi)

Your tasks

This Business Area Architecture and Networking (AN) develops modules and end-to-end systems for connected mobility along the strategic elements "Network. Inform. Integrate.", i.e. hardware, software and services. By providing solutions for networking, human-machine interaction, system integration and high-performance computing for cars, commercial vehicles and fleets, Architecture and Networking (AN) ensures functioning networks and a smooth flow of information for connected mobility.

Therefore, we are looking for passionate colleagues with technical studies, from junior up to senior level, either with a hands-on or theoretical orientation.

If this sounds interesting to you, if you have a technical university degree, but you are not sure where your knowledge fits best in this landscape, let us be your career guide.

Apply now, we will review your CV and come back to you as soon as an opportunity arises.

Your profile

Qualifications:

- University degree in a technical field (as Mechanics, Mechatronics, Electronics, Software, Systems...);
- English (B1+ minimum);
- Relevant technical experience is a plus;
