

## System Architect Head up Displays (m/f/d) - REF51065G

### あなたの仕事内容

We are looking for you, a System Architect Head up Displays (m/f/diverse), to support our Advanced Development Team in the area User Experience at the location Babenhausen.

You are responsible for

- The development of a functional and validated technical system, including demonstrators and prototypes
- Requirements engineering and defining architecture for innovative new products
- Coordination, Monitoring and Control of tasks, inside the technical disciplines (Hardware, Software, Mechanics, Optics and Test), related to the product development
- Primary contact person for technical problems and questions
- Overview of the status from all R&D disciplines

### あなたのプロフィール

- Study in Engineering Science (e.g. Electrical Engineering, Mechanical Engineering, Physics, Information Technology or similar)
- Several years of professional experience in technical projects, preferably in the Automotive Industry
- Experience with the product Head-Up Display or similar opto-mechanical products preferred
- Experience in more than one engineering discipline preferred
- Good knowledge in using MS-Office Tools
- Very good German and English language skills (written and spoken)
- Intercultural competency
- Capability of Teamwork

Applications from severely handicapped people are welcome.

### オファー

We want to take care of our employees - because we can only develop as an organization with a committed team. This is why we not only offer an exciting job surrounding in an international, innovative technology company but a lot more such as

- a culture that enables our employees to grow
- a multitude of learning & training opportunities
- possibilities for flex work, mobile work (also abroad) & sabbatical
- a company pension plan
- exclusive employee discounts with our Corporate Benefits
- local offers (canteen & bistro, company gas station, free parking, electric vehicle charging stations, health initiatives) Click [here](#) to find out more.
