

Blue Yonder ESP/SCPO Specialist

Feladatok

Continental's digital capabilities are growing every day. Our Supply Chain Information Technology Competence Center is the digital backbone of our company's Tire business – and we want you to join us!

Our multinational, diverse team of technologists, mathematicians and business pros provides technology solutions to ensure that the more than 140 million tires Continental sells globally every year are produced and end up in the right place at the right time.

The team uses artificial intelligence, machine learning and advanced analytics to forecast customer demand and plan our global tire production. We're ultimately focused on the customer experience and the continuous improvement of our supply chain.

We're setting up a new Tires IT HUB in Bengaluru and you will be one of our first team members. If you love to build something new, Continental is the perfect match for you. Join us in this thrilling adventure and shape the team with us.

In this exciting job you work on the following tasks:

- Supporting the design, build and implementation of supply chain planning solutions (based on Blue Yonder ESP/SCPO) in varying scale that transforms business requirements into business value
- Supporting the entire software development process from design, build, test, bug fixing, documentation up to release management and deployment
- Ensuring service operations along agreed service level agreements
- Ensuring on-time completion of critical planning workflows
- Personal development to become a technical IT expert for SCM solutions

Profilja

- Academic degree in computer science, business informatics, software engineering or an equivalent qualification
- First years of work experience with Blue Yonder ESP / SCPO solutions in a technical role
- First years of work experience with Blue Yonder solutions for forecast netting (Order Promiser, OP) and Sales & Operations Planning (S&OP) in a technical role beneficial
- First years of work experience in IT projects being responsible for
