

Product Environment Protection Coordinator

あなたの仕事内容

Your tasks

As a team member of the Group Sector Central Function Technology of ContiTech (CT), you coordinate Product Environment Protection topics related to Quality and technical Compliance (tCMS) on Group Sector level. You are the connecting point for collaboration for ContiTech to ensure that all relevant topics are covered for technical compliance on Product Environment Protection.

You

- Devise, maintain and execute together with BA technical regulations teams a CT authorities and association strategy in line with overall Technology strategy
- Advise and consult tCMS organization to meet regulatory environmental protection requirements
- Align and steer product environment protection topics on Group Sector Level for ContiTech by creating and coordinating network of Business Area activities
- Act as central competency coordinator for topics like RoHS, REACH, Prop65
- Give input to requirement engineering
- Represent CT on group level on product environment protection topics and participate in corporate collaboration
- Participate and represent ContiTech in external committees, organizations and associations

あなたのプロフィール

Your Qualifications

- Technical degree in engineering, material science or related area with several years in product development
- Experience in ESH, regulations or similar field desirable
- Project management experience (lead of global projects)

You

- inspire your stakeholder and contact partner with an effective communication of high intercultural sensitivity
- are convinced that networking and knowledge sharing are key drivers for success

オファー

We want our employees to do well with us. That's why we offer them not only an exciting job in an international technology group, but also numerous additional offers such as flexible and hybrid working, sabbaticals and other benefits.

会社概要

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2022, Continental generated sales of €39.4 billion and currently employs around 200,000 people in 57 countries and markets.

The ContiTech group sector develops and manufactures, for example, cross-material, environmentally friendly and intelligent products and systems for the automotive industry, railway engineering, mining, agriculture and other key industries. Guided by the vision of “smart and sustainable solutions beyond rubber,” the group sector draws on its long-standing knowledge of the industry and materials to open up new business opportunities by combining various materials with electronic components and individual services.
