

SAP FI Consultant Asia Pacific

Your tasks

In your role as Central Key User Finance & Accounting Systems Tires, you work as an interface between our Tires business and IT. You are in close contact with Tires business, Group Functions, the Central Key Users of different modules and our worldwide Tires accounting departments. As member of a global team, you take part and lead international projects and improvement initiatives in a wide range of accounting-related topics.

In this exciting job these are your tasks in detail:

Developing, standardizing, optimizing, and documenting financial reporting processes and structures for the Tires Sector

Ensuring compliance of local SAP FI set-up and processes with Group-(FIRE/ IFRS), legal- and tax reporting requirements

Joining and leading international projects (e. g. mergers, integrations, SAP implementations, Automatic Invoice Verification, S/4 HANA Roll-out...)

Aligning, prioritizing, and approving change requests in cooperation with business and IT departments

Training local key users

Maintaining audit-proof authorization structures in SAP FI

Assuring high quality standards in Tires' Finance & Accounting processes and reported data

Collaborating with Group Accounting & Reporting, Group Purchasing, Tires Business Areas, Tires Invest Controlling, Cost-, Sales-, Procurement-Systems and other Group Sectors

Your profile

Several years of work experience in FI systems, Controlling and/or Accounting departments

Academic degree in business administration, business informatics, IT or an equivalent qualification

General knowledge of MS Office Software and SAP FI (S/4 HANA)

Project management skills

Excellent problem-solving and critical thinking skills

Strength in analytic and conceptual thinking
