O nás

Continental develops state-of-the-art technologies and services for the sustainable and networked mobility of people and goods. Founded in 1871, the technology company provides safe, efficient, smart, and affordable solutions for vehicles, machines, traffic, and transportation. In 2021, Continental generated sales of €33.8 billion and currently employs more than 190,000 people in 58 countries and markets. On October 8, 2021, the company celebrated its 150th anniversary.

The Automotive Group's sector includes technologies for passive safety systems, brakes, chassis, motion and motion control. The portfolio also includes innovative solutions for assisted and automated driving, display and operation technologies, audio and camera solutions for vehicle interiors, as well as intelligent information and communication technology for the mobility services of fleet operators and commercial vehicle manufacturers.
