

IT Enterprise Architect (m/f/diverse) - REF55109G

Náplň práce

We are seeking a dynamic and experienced individual to join our team as an IT Enterprise Architect (m/f/diverse). The IT Enterprise Architect will play a pivotal role in providing transparency to our IT landscape and build the foundation for developing our IT landscape and data strategy. The ideal candidate will have a proven track record in enterprise architecture, project management, and strategic planning.

Key Responsibilities:

- Design and implement an enterprise architecture management process and tool to provide transparency to the IT landscape.
- Collaborate with competence centers and regions to gather comprehensive insights into the organization's IT environment.
- Lead the implementation of cross-functional applications, such as middleware, to enhance interoperability and efficiency.
- Provide support for the development and implementation of the organization's data strategy, ensuring data integrity, security, and accessibility.
- Establish key technologies and implement a process for evaluating new technologies to meet the organization's evolving needs.
- Represent the sector in cross-sector councils and forums, advocating for alignment with group sector policies and objectives.
- Ensure compliance with regulatory requirements and alignment with group sector policies and standards.

Profil kandidáta

- Academic degree in Computer Science, Information Technology, or related field
- Several years of experience in enterprise architecture, project management, or related field
- Proficiency in enterprise architecture frameworks and methodologies
- Experience with enterprise architecture management tools and processes
- Strong project management skills with the ability to lead cross-functional teams and drive initiatives to completion
- Knowledge of data management principles and practices
- Familiarity with regulatory requirements and industry standards related to IT governance and compliance
- Fluent in English (written and spoken), German language skills are an advantage
- Excellent communication and interpersonal skills, with the ability to effectively engage with stakeholders at all levels of the organization
- Strategic thinker with the ability to translate business objectives into actionable plans

Applications from severely handicapped people are welcome.

Ready to drive with Continental? Take the first step and fill in the online application.

O nás

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2022, Continental generated sales of €39.4 billion and currently employs around 200,000 people in 57 countries and markets.

The ContiTech group sector develops and manufactures, for example, cross-material, environmentally friendly and intelligent products and systems for the automotive industry, railway engineering, mining, agriculture and other key industries. Guided by the vision of “smart and sustainable solutions beyond rubber,” the group sector draws on its long-standing knowledge of the industry and materials to open up new business opportunities by combining various materials with electronic components and individual services.
