

Salesforce Operation & Rollout Lead

Vos activités

We are seeking an experienced CRM IT Operations Lead to be part of our team, to lead and manage our service department for ensuring efficient service delivery and customer satisfaction. As the IT Operations Lead of our CRM solutions, you will also be the IT Rollout Lead for our ongoing Customer Engagement Program. You will drive and ensure successful and seamless rollout across the globe while assisting our Implementation Lead for Product Increment (PI) planning together.

Key Responsibilities

CRM IT Operations Lead

- Collaborate with other team(s) to develop and implement service strategies to increase customer satisfaction and enhance customer experience, while meeting service objectives.
- Proactively identify opportunities for service improvement, recommending and implementing process enhancements to drive continuous improvement.
- Manage external and internal consultants to foster a high-performance and customer-centric culture during incident support, while ensuring consistent and efficient service delivery.
- Ensure timely and accurate completion of service requests/work orders (incl. proper/accurate documentation).
- Monitor service metrics such as response time and resolution rate, and analyzing customer feedback to identify areas for improvement and implement corrective actions.
- Prepare and present regular reports to senior management and stakeholders on service performance, key metrics and improvement initiatives.
- Lead and/or facilitate meetings where required
- Act as a point of escalation for complex customer issues, demonstrating good problem-solving skills and resolving conflicts in a professional and effective manner.
- Stay updated on industry trends and best practices and continuously seek opportunities to enhance knowledge and skills.

IT Rollout Lead

- Plan, manage, and maintain the project plan for IT rollout activities.
- Collaborate with Global Rollout Lead to develop and implement rollout strategies.
- Oversee the IT activities such as integration and migration activities, localization deployment, etc, together with Rollout Team.
- Lead and/or facilitate meetings where required
- Manage post-implementation support (hypercure) and maintenance after each market rollout.
- Assist Implementation Lead to coordinate and facilitate PI Planning activities (resource and capacity planning, product backlog planning, and sprint planning)
