Summer Practice (8h) - Tires

Responsabilități

Make Your Summer Count – Join Our Internship Program!

Step out of the classroom and into the real world! Every summer, we offer **paid internship opportunities** for students who are eager to apply their knowledge to real projects and gain hands-on experience in a professional environment.

Our projects cover fields such as:

- Electrical & Power Engineering
- Management in Production & Transportation
- Mechanics
- Chemistry

What's in it for you?

- Get involved in real, impactful projects
- Work side-by-side with experienced mentors who support your growth
- Gain practical skills and insights that complement your studies
- Be part of a friendly and collaborative team
- Earn while you learn – this is a **paid internship**

Duration: **6 to 12 weeks**, between **July and September**

If you're studying in one of the listed fields and want to turn theory into practice, we'd love to hear from you!

Apply now and turn your summer into a stepping stone for your future career!

Despre noi

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2024, Continental generated sales of €39.7 billion and currently employs around 190,000 people in 55 countries and markets.

With its premium portfolio in the car, truck, bus, two-wheel and specialty tire segment, the Tires group sector stands for innovative solutions in tire technology. Intelligent products and services related to tires and the promotion of sustainability complete the product portfolio. For specialist dealers and fleet management, Tires offers digital tire monitoring and tire management systems, in addition to other services, with the aim of keeping fleets mobile and increasing their efficiency. With its tires, Continental makes a significant contribution to safe, efficient and environmentally friendly mobility.
