Core Responsibilities:

In support of the operational activities associated with the Materials Warehouse, the Materials Team Lead plays a major role in effectively performing daily functions that maintain world class customer performance ratings, materials system data integrity, and inventory accuracy. The interaction with Materials/Systems Management and departmental Material Handlers ensures continuous support of production activities and timely shipments to our customers. When the Materials Supervisor is absent from the Materials Warehouse, Materials Team Lead assumes the responsibility for the Receiving/Shipping departments and is required to give direction the material handlers. Their efforts to effectively manage, plan, meet schedules, expedite, communicate, and adhere to procedures are imperative to the success of the Materials Warehouse operation.

Schedule: rotating 4 days on and 4 days off, 10 hour shift
