

Quality Technician-1st Shift

Vaše náplň práce

In this roll you will develop, implement and manage quality processes and procedures that support company quality initiatives and ensure products meet or exceed customer expectations.

Core Responsibilities:

- Perform required testing and record and maintain test results
 - Identify, select and prepare material for testing
 - Perform characteristic and durability testing on manufactured material and products
 - Maintain test results in appropriate files and databases
- Assist with maintaining the quality inspection and testing program for manufactured products.
 - Work with Production personnel in addressing quality issues
 - Recommend and assist in the implementation of corrective action
 - Respond to employee problems and questions concerning product quality
- Utilize the Quality Incident Report as a quality metric and improvement tool
 - Maintain QIR documents, data and folders
 - Assist in determining nonconforming material quarantine or disposition
 - Follow up on Corrective Action responses
- Perform inspections and audits on manufactured products
 - Verify inspection report data
 - Participate in the preparation of ISIR and PPAP documentation
 - Provide a “quality presence” on the production floor
- Perform receiving inspections and audits on purchased materials
 - Inspect incoming material and components
 - Inspect assemblies returned from subcontractors
 - Appropriately identify and release compliant items for production use
 - Appropriately identify and quarantine nonconforming products
- Participate in the examination, evaluation and disposition of warranty items and rejected materials
- Conduct audits to ensure processes and products meet implied quality and performance standards.
- As Lead Auditor (after Certification) or as part of an Audit Team

NOTE: Certification requires either formal audit training or Audit Team member participation in a minimum of 6 audits.

- Assist in maintaining calibration of instruments and measuring devices used in manufacturing
