

Chemical and Product Failure Analyst (m/f/diverse) - REF62565X

Descrição da função

We are looking for you to support our Business Area Original Equipment Solutions (OESL) in the Forensic and Benchmark Analysis team. As Chemical and Produkt Failure Analyst (m/f/diverse) you will support the global OESL segments by performing material and product failure analysis (FFA level 2 and 3), benchmarking of current vs competitor products in the market and supporting warranty claims.

Your role will include the following tasks:

- Problem solving to support field failure analysis (FFA) and claim management
- Conduct benchmarking activities of current vs competitor products in the market
- Lead and support chemical and material analysis for manufacturing issues
- Track / monitor the status and results of department requests
- Support the development of the global forensic and benchmarking processes / standards
- Coordination of studies with universities and joint labs
- Interfacing with serial product introduction (prototyping, serial production)
- Maintain close communication with internal customers and material / product test labs to support activities

The position can be filled in Hann. Münden or Hanover.

Requisitos

- Minimum Bachelor degree in rubber / polymer technology, chemistry, physics, materials engineering, engineering or similar field of qualification
- Profound experience with elastomer and polymer science
- Knowledge of OESL products, materials and manufacturing processes
- Several years experience within the automotive industry is preferred and some years of practical experience in material development, application engineering or product development is required
- Know-how and experienced in project management and problem solving analysis
- Very good English and good German language skills written and spoken
- Analytical skills, ability to work autonomously, flexibility, good interpersonal skills, diplomacy, open-mindedness and very good communication skills
- You like working together with people from other cultures all around the globe
- Willingness to travel (approx. 25 %)

Applications from severely handicapped people are welcome.
