

Production Associate (Day and/or Night Shift)

Your tasks

THE POSITION

Core Responsibilities

- **Operate Equipment:**
 - Operating machinery and equipment in a manufacturing environment to produce high-quality products
 - Safely operate machinery and equipment according to standard operating procedures (SOPs).
 - Perform routine checks and maintenance on machines to ensure optimal performance.
 - Use hand tools, tape measures, and other gauging devices and/or scanners to monitor current and ongoing product quality
- **Follow Standards and Procedures:**
 - Adhere strictly to all company policies, safety guidelines, environmental policies, and production standards.
 - Maintain a clean and organized work area, following 5S principles.
 - Follow standard practices and perform all work necessary to promptly and accurately obtain quality and quantity production.
- **Quality Focus:**
 - Inspect products during and after production to ensure they meet quality specifications.
 - Report any defects, inconsistencies, or potential issues to the supervisor immediately.
 - Participate in quality improvement initiatives and suggest ideas for process enhancements.
 - Complete quality checks on product including corrective actions using metric measurements and formulas.
- **Coachability:**
 - Be open to feedback and willing to learn new skills and procedures.
 - Engage actively in training sessions and apply new knowledge to daily tasks.
 - Show flexibility and adaptability in response to changing production needs or methods.
- **Positive Attitude:**
 - Display a positive, can-do attitude in all interactions with colleagues and supervisors.
 - Support team goals by cooperating and communicating effectively with team members.
 - Approach challenges with a problem-solving mindset and a willingness to contribute to solutions.
- **Ownership and Accountability:**
 - Take full responsibility for the quality and timeliness of your work.
 - Track and report production metrics accurately and consistently.
 - Proactively identify and address any issues that could impact production performance or quality.
 - React quickly to equipment downtime or other extraordinary condition, and must notify supervision whenever such conditions

EEO-Statement:

EEO / Disabled / Protected Veteran Employer. Continental offers equal employment opportunities to all qualified individuals, without regard to unlawful consideration to race, color, sex, sexual orientation, gender identity, age, religion, national origin, disability, veteran status, or any other status protected by applicable law. In addition, as a federal contractor, Continental complies with government regulations, including affirmative action responsibilities for qualified individuals with a disability and protected veterans, where they apply. To be considered, you must apply for a specific position for which Continental has a current posted job opening. Qualifying applications will be considered only for the specific opening(s) to which you apply. If you would like to be considered for additional or future job openings, we encourage you to reapply for other opportunities as they become available. Further, Continental provides reasonable accommodations to qualified individuals with a disability. If you need assistance in the application process, please reply to Careers@conti-na.com or contact US Recruiting at 248.393.5566. This telephone line and email address are reserved solely for job seekers with disabilities requesting accessibility assistance or an accommodation in the job application process. Please do not call about the status of your job application, if you do not require accessibility assistance or an accommodation. Messages left for other purposes, such as following up on an application or non-disability related technical issues, will not receive a call back.

About us

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2023, Continental generated preliminary sales of €41.4 billion and currently employs around 200,000 people in 56 countries and markets.

With its premium portfolio in the car, truck, bus, two-wheel and specialty tire segment, the Tires group sector stands for innovative solutions in tire technology. Intelligent products and services related to tires and the promotion of sustainability complete the product portfolio. For specialist dealers and fleet management, Tires offers digital tire monitoring and tire management systems, in addition to other services, with the aim of keeping fleets mobile and increasing their efficiency. With its tires, Continental makes a significant contribution to safe, efficient and environmentally friendly mobility.

Continental Tire has been around for over 150 years, we've been changing the way the world moves while making it more safe, smart, sustainable and accessible to all. Our Sumter, SC location is seeking production associates to join our shop floor.
