

Legal Counsel - Law Japan

Tus actividades

Provide legal advice and support to all Continental divisions in Japan in all legal and especially commercial and contractual matters. This comprises the initiation and execution of contractual relationships and could include the handling of warranty claims and legal disputes. The Legal Counsel will review, negotiate, manage and maintain the respective contracts together with the managers in charge of the business and manages the relation with external counsels. Responsibilities also include commercial legal support for Continental's Automotive, Tire and ContiTech businesses.

- Review commercial contracts including, without limitation, non-disclosure and confidentiality agreements, development agreements, various customer contracts, marketing and advertising agreements, distribution, transportation and logistics agreements, supplier contracts, and contracts for the purchase of production and non-production materials.
- Advise on competition law, digital law, real estate law, energy and environmental law, bankruptcy and insolvency law, customs, import/export law and criminal law.
- Provide broad commercial legal support to various business units and departments of the Company in support of relationship with designated automotive original equipment manufacturer (OEM) customers in furtherance of business goals and objectives.
- Draft, review and negotiate various legal documents, contracts and other agreements with our automotive and other customers covering all business operations.
- Develop, maintain and update contract templates to improve the contract management process.
- Work closely with the operation/project team to proactively support a wide range of regional and international transactions (i.e., sales, research and development, supply and services, warranty, etc.) for the maximum realization of business opportunities.
- Manage disputes and legal proceedings effectively and provide practice-oriented solutions to the management for dispute resolution and protect the company's interest in a timely and efficient way.
- Develop hands-on working relationships with business partners, especially key account management and sales, at all levels and play as a team member within the Global Law Department and the Company.
- Manage external attorneys effectively.

Acerca de nosotros

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2021, Continental generated sales of €33.8 billion and currently employs more than 190,000 people in 58 countries and markets. On October 8, 2021, the company celebrated its 150th anniversary.

The Automotive group sector comprises technologies for passive safety, brake, chassis, motion and motion control systems. Innovative solutions for assisted and automated driving, display and operating technologies, as well as audio and camera solutions for the vehicle interior, are also part of the portfolio, as is intelligent information and communication technology for the mobility services of fleet operators and commercial vehicle manufacturers. Comprehensive activities relating to connectivity technologies, vehicle electronics and high-performance computers round off the range of products and services.
