

eXplore Tires Manufacturing Trainee - Tires

Tus actividades

Join Our Tire Manufacturing Team!

Dive into the world of tire production and learn all the essential production and engineering processes we use every day.

What You'll Learn:

- **Tire Production & Rubber Technologies:** Get hands-on with tire production processes, rubber technologies, and material flow.
- **Shop Floor Experience:** Spend time on the manufacturing floor to understand day-to-day operations.
- **Manufacturing Programs:** Learn about specific manufacturing programs and their impact on central projects.
- **Central Team Collaboration:** Work with our central team to gain technical knowledge and understand the tire business.
- **Department Rotations:** Rotate through different departments to see how they all work together.
- **Networking:** Build connections throughout the plant, central functions, and with international trainees.
- **Performance Indicators & Reporting:** Get introduced to manufacturing performance indicators, analytical tools, and industry standards.

Tu perfil

- Profound theoretical background in Engineering (Mechanical, Industrial, Chemical, Electrical, Quality);
- Advanced English knowledge;
- Intercultural experience through international internships or during semester(s) at an university abroad;
- Strong ability in analytical/structured thinking;
- Project Management experience represents a plus.

Lo que ofrecemos

eXplore Tire Manufacturing & Engineering Graduate Program

Duration: Up to 18 months

Phase 1 - Practical Experience (10-16 months):

- Start with hands-on experience in tire production.
- Work in a real production setting.
- Tackle your first project at the plant.

Phase 2 - Central Placement (6-9 months):

- Join a graduate pool in Hanover with peers from around the world.

S.C. Continental Automotive Products S.R.L.

- Participate in exciting projects and learn about tire development and our global business model.
- Attend technical training programs to gain new skills.
- Use your soft skills and build a global network.
- Gain insights into research and development processes for tires.
- Collaborate on a global business contract with other graduates.
- Present your project results to top management.

Looking forward to seeing you grow with us!

Acerca de nosotros

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2024, Continental generated sales of €39.7 billion and currently employs around 190,000 people in 55 countries and markets.

With its premium portfolio in the car, truck, bus, two-wheel and specialty tire segment, the Tires group sector stands for innovative solutions in tire technology. Intelligent products and services related to tires and the promotion of sustainability complete the product portfolio. For specialist dealers and fleet management, Tires offers digital tire monitoring and tire management systems, in addition to other services, with the aim of keeping fleets mobile and increasing their efficiency. With its tires, Continental makes a significant contribution to safe, efficient and environmentally friendly mobility.
