

Specialist Purchasing standards, processes and systems BA OESL

Your tasks

Main tasks:

- Ensuring the sustainable operations of systems and processes for OESL Purchasing Organizations.
- Drive efficiency, compliance, and smooth processes for all impacted stakeholder groups by continuous improvement of service and consultancy provided as well as for the supported tools and interfaces.
- Participating and supporting projects streamlining and standardizing the entire procure-to-pay process, and reducing administrative work and effort. Automating purchasing processes.
- Responsible for analyses, changes, corrections, and new creations of attributes and master data for Continental locations.
- Performs user administration in different tools (e.g. CEOS, SAP, Modias, Wise, catalog management systems, catalog distribution systems and catalog ordering systems, MS Forms...etc.).
- Responsible for testing new software applications upon request to ensure transitions and support the roll-out according to company rules, policies, and local legal requirements.
- Responsible for the maintenance, monitoring, and fluent data transfers to externally connected systems.
- Responsible for taking and introducing immediate countermeasures in case of any outages identified if the fix is not available yet.
- Responsible for sustainable EDI connection as a service for externally connected systems.
- Responsible for continuously monitoring compliance and data quality on systems and ensuring corrections and cleanup.
