

(Senior) Consultant SAP-SD

Vaše náplň práce

Continental's digital capabilities are growing every day. Our Sales, Logistics and Finance IT competence center is the tech-foundation and the backbone of our worldwide Tires business.

In our daily work we manage service requests from our internal and external stakeholders and engage in the steady development of our SAP platforms. As a bridge between business needs and IT development, our global department acts as a worldwide player to enable Continental's success in the Tires group.

As part of our continuous growing business, we are looking for an experienced SAP-SD Consultant for our central IT Tires department in Lousado, Portugal.

Key responsibilities:

- Implementation of SD solutions related to projects, process optimization, change and service requests and incidents;
- Collaborating with internal customers to consult, support and implement the Tires business strategies and to continuously optimize the existing SD solutions in projects all over the world;
- Maintaining, reviewing, and enhancing SD application scenarios;
- Developing in ABAP/ABAP-OO and customize using SAP standard;
- Handling SAP interfaces to connected systems;
- Managing problems and errors incl. root cause analysis, development, verification, and implementation of solution proposals;
- Documenting IT related solutions, functions, and processes;
- Transferring knowledge to incorporated departments.
