

Head of Law Corporate and M&A Automotive (m/f/d) - REF72461V - Executive

Vos activités

Are you passionate about the Automotive Industry? Do you thrive in a dynamic and collaborative environment? If so, we have an exciting opportunity for you! We are seeking a dedicated and innovative "Head of Law Corporate and M&A" (m/f/diverse) to join our team.

In this role, you will be responsible for:

- All corporate law matters, especially regarding the annual shareholders' meeting, advice to the executive board, supervisory board and its committees
- Advice on capital market requirements, including its compliance, as well as on corporate governance and finance activities
- All legal advice regarding mergers, acquisitions and divestment
- Global responsibility for "corporate housekeeping activities" for all affiliates
- Leading a team of fully qualified lawyers (m/f/d)

Votre profil

If you are a motivated fully qualified lawyer (m/f/d) with

- Significant experiences in corporate law and M&A
- Proven strong leadership skills
- Several years of experience as an in-house counsel
- Excellent understanding of economic contexts
- Excellent communication skills in German and English in written and spoke
- An independent work style and being a team player
- Strong ownership and convincing appearance

We are looking forward to hearing from you.

Applications from severely handicapped people are welcome.

Notre offre

The well-being of our employees is important to us. That's why we offer exciting career prospects and support you in achieving a good work-life balance with additional benefits such as:

- Training opportunities
- Mobile and flexible working models
- Sabbaticals
- and much more...

A propos de nous

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2022, Continental generated sales of €39.4 billion and currently employs around 200,000 people in 57 countries and markets.

The Automotive group sector comprises technologies for passive safety, brake, chassis, motion and motion control systems. Innovative solutions for assisted and automated driving, display and operating technologies, as well as audio and camera solutions for the vehicle interior, are also part of the portfolio, as is intelligent information and communication technology for the mobility services of fleet operators and commercial vehicle manufacturers. Comprehensive activities relating to connectivity technologies, vehicle electronics and high-performance computers round off the range of products and services.
