

eXplore Tires Engineering Trainee

Vaše náplň práce

The eXplore Tires Engineering Trainee is Global Program for Talent Development program and will undergo comprehensive training to develop skills and knowledge in various aspects of engineering management. This role offers hands-on experience and exposure to different departments within the production process. The trainee will work closely with the MTE team and Global Trainee to develop talents as potential successors for Management or Specialist Positions.

Tasks & Responsibilities:

- Introduction to technologies and machines in PLT/CVT Plant - department rotation, a deeper introduction to plant operation
- Introduction to production processes, Rubber Technologies, Material's flow and Components in order to gain in-depth operational knowledge about the Tire production process
- 4 month shopfloor experience including shift work
- Manufacturing/Engineering projects within the plant
- Central projects (Manufacturing/Engineering, R&D, business perspective)
- Fulfil central training plan in order to gain technical knowledge, competencies and capabilities in the processes of the manufacturing environment and to develop an understanding of the tire business and structure
- Establish and maintain a network with the central departments and international trainees
- Soft skill training: Intercultural Training, CBS Training, Teambuilding
- General overview of the overall Marketing & Sales Strategy and the tasks & responsibilities of a Marketing & Sales Department

Váš profil

- Master's degree or Bachelor's degree in mechanical/Industrial/Process/Engineering or Manufacturing or Science, distinctive results (above average results)
- First working experience up to 2 years (if bachelor's degree min. of 2 years work experience is required).
- Internships in Manufacturing/Engineering, preferably also international ones
- Experience through internship(s) in respective areas for 8-10 months (international internships preferred).
- Has first experience in leading a project team.
- At least 2 months of international internship/study abroad/working in a multicultural and international team
- Fluent in English

O nás

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2021, Continental generated sales of €33.8 billion and currently employs more than 190,000 people in 58 countries and markets. On October 8, 2021, the company celebrated its 150th anniversary. With its premium portfolio in the car, truck, bus, two-wheel and specialty tire segment, the Tires group sector stands for innovative solutions in tire technology. Intelligent products and services related to tires and the promotion of sustainability complete the product portfolio. For specialist dealers and fleet management, Tires offers digital tire monitoring and tire management systems, in addition to other services, with the aim of keeping fleets mobile and increasing their efficiency. With its tires, Continental makes a significant contribution to safe, efficient and environmentally friendly mobility.
