

## Lead Material Handler - BMN1 (6pm - 6am) Bldg 9

### Your tasks

1. Lead shift material handlers and allocate resources where needed to support the movement of raw materials, WIP, and finished goods.
2. Coordinate transport activities including box truck and trailer loading and unloading while ensuring all Environmental, Safety & Health (ESH) guidelines (e.g., PPE, chock blocks, dock locks and safety chains) are followed.
3. Responsible to place orders for materials in SAP in a timely manner that support daily production requirements and established stock levels throughout the facilities.
4. Support receiving activities and documentation for receipts and other related SAP transactions for assigned location.
5. Coordinate resources (equipment and labor) to fulfill routine and non-routine requests including overtime and special projects.
6. Ensure open communications exist on a daily basis to facilitate ever changing requirements and escalate safety, inventory discrepancies and shortages to management. Resources include mobile phones, email, two-way radios and other company systems.
7. Responsible for the safe operation of all Logistics Powered Industrial Trucks (PIT) including mandatory shift safety checks, established operating guidelines, PPE, and all other required organizational protocols.
8. Access information via SAP and other business systems (SDS Database, Document Control) as needed.
9. Coordinate the removal of plant refuse and recyclables in accordance with established facility guidelines and assist in maintaining outside storage areas.
10. Coordinate inventory maintenance activities including physical inventories, cycle counts, shift by shift inventory sheets, and spot checks as needed.
11. Participating in the auditing process including implementation of continuous improvement initiatives.
12. Maintain a clean and safe workspace including housekeeping and other efforts that support a clean and safe workplace. Incorporate 5 S (everything has a place) into your work environment.
