

Inspector II - Grader or Safe Launch - Quality (Day and/or Night Shift)

Jūsų užduotys

YOUR TASKS

These roles are responsible for inspecting, grading, and classifying tires to ensure compliance with Continental Tire quality standards. The role involves identifying defects, operating grading equipment, inputting quality data, and taking corrective actions when non-conformities arise. It also requires strong attention to detail, adherence to safety and environmental standards, and the flexibility to support audits, shift rotations, and quality processes across multiple inspection areas.

HOW YOU WILL MAKE AN IMPACT

- Visually inspect finished and in-process tires to ensure quality specifications are met, identifying and classifying defects and determining appropriate next steps or final disposition.
- Execute tire grading and classification according to Continental Tire WW standards and off-standard catalogues, including rework, safe launch, dock audits, sorting activities, and post-inspection processes.
- Perform quality checks using hand tools, gauging devices, and computer systems; input quality-related data into grading systems and conduct dock audits on outgoing shipments.
- Respond quickly to non-conformities, quality issues, or equipment downtime by notifying supervision, stopping operations if necessary, and initiating corrective or preventive actions.
- Rotate to other shifts as needed, follow written and oral instructions regarding specs and tolerances, and support internal product audits and warehouse sorting for quality holds.
- Operate bead heating machines and ensure proper handling and rerouting of tires throughout the inspection and grading process.
- Maintain compliance with safety and environmental standards, including ISO/TS16949 and CCC, and report any unsafe or polluting hazards immediately.
- Utilize Microsoft Excel and basic computer skills for data entry and problem-solving related to tire inspection and classification.
- Maintain component knowledge, accuracy, and strong communication skills in a fast-paced production environment.
- Must be able to pass a Titmus eye exam (with or without corrective lenses) and consistently apply high attention to detail during all inspections.
- Be self-managed, detail-oriented, and capable of performing under pressure
- Follow all plant, ESH, CBS, quality, and department processes and procedures
- Other duties as assigned

NOTE: May not be inclusive of all work required and may be updated as needed.
