

Internal or External - Set Up Technician - Mold Shop

Tvoji zadaci

YOUR TASKS

This role focuses on maintaining employee skill matrices, overseeing mold operations, and ensuring workforce development in a production environment. Responsibilities include setting up and operating curing presses, performing mold and bladder maintenance, troubleshooting issues, and conducting quality checks while adhering to safety and environmental standards. The position also involves responding to equipment issues and using hand tools and measuring devices.

HOW YOU WILL MAKE AN IMPACT

- Maintain employee skill and qualification matrices, and track department headcount
- Set up, operate, and monitor curing presses while ensuring safety and quality compliance
- Perform mold and bladder maintenance, including inspections, cleaning, assembly, disassembly, and part changes
- Read and interpret specifications, engineered drawings, and tolerances; use hand tools and measuring devices
- Troubleshoot mold performance issues and conduct tooling maintenance and repairs
- Respond to equipment downtime and notify supervision of any extraordinary conditions
- Conduct first and last tire quality checks using control panel interfaces
- Identify and report safety, environmental, or quality concerns, ensuring timely corrective actions
- Follow all plant, ESH, CBS, quality, and department processes and procedures
- Other duties as assigned

NOTE: May not be inclusive of all work required and may be updated as needed.

Tvoj profil

O nama

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2023, Continental generated preliminary sales of €41.4 billion and currently employs around 200,000 people in 56 countries and markets.

With its premium portfolio in the car, truck, bus, two-wheel and specialty tire segment, the Tires group sector stands for innovative solutions in tire technology. Intelligent products and services related to tires and the promotion of sustainability complete the product portfolio. For specialist dealers and fleet management, Tires offers digital tire monitoring and tire management systems, in addition to other services, with the aim of keeping fleets mobile and increasing their efficiency. With its tires, Continental makes a significant contribution to safe, efficient and environmentally friendly mobility.
