

Tire Building Operator

Náplň práce

The Tire Building Operator must be able to operate high investment Commercial Radial Truck Tire building equipment for the assembly and placement of all components necessary for the construction of "green" Commercial Radial Truck Tires.

HOW YOU WILL MAKE AN IMPACT

- Must be able to read specs, know all tire components used in the assembly, and effectively communicate with set-up men and supervision.
- Load and remove stock cassettes and books
- Make minor machine adjustments to ensure proper stock length and placement
- Complete quality checks on product including material splices, standards, and corrective actions using metric measurements and formula.
- Read specifications, use hand tools, tape measures and other gauging devices to monitor current and ongoing product quality.
- React quickly to equipment downtime or other extraordinary condition, and must notify supervision whenever such conditions occur.
- Perform actions with a control panel interface, both automatic and manual
- Execute basic sequencing process on Tire Build machines
- Possess and apply problem solving skills in case of machine cycle issues
- Communicate with other inbound and outbound operators, production operators, other crew members and supervision.
- Drives forklifts and operate other material handling equipment as needed and is responsible for the proper care and safe operation of the material handling equipment.
