

BestDrive Retread Maintenance Technician

Vos activités

Position Overview:

As a BestDrive Retread Maintenance Technician, you will perform various preventative maintenance and repairs on various pieces of retreading equipment. This position functions in a manufacturing environment at a BestDrive tire facility where commercial tires are retreaded through various manual and automatic tasks.

Essential Duties:

- Repair out of service or improperly working equipment in a timely manner to limit downtime.
- Perform preventative maintenance on all equipment using a timely schedule
- Maintain and operate the plant steam, air and hydraulic systems in a safe and efficient way.
- Assist with the install of new equipment
- Comply with all safety and liability guidelines and policies.
- Use protective safety equipment to ensure safe operation of machines.
- Comply with OSHA regulations and safety requirements pertaining to this position.
- All other duties as assigned by the manager.

Votre profil

Required Qualifications:

- Must be 18 years or older
- 3 years of previous experience in a manufacturing maintenance setting or completion of 2-year vocational school in industrial maintenance.
- Prior electrical and electronic trouble shooting experience - ability to work with 24VDC to 500VAC.
- Prior pipe fitting experience.
- Prior compressor and hydraulic experience.
- No relocation is being offered for this position
- Candidates must be legally authorized to work in the U.S. without company sponsorship now or in the future
- Ability to communicate, verbally and written, clearly and professionally with co-workers and management.

Preferred Qualifications:

- High School Diploma or equivalent
- Previous retread manufacturing experience

Legal authorization to work in the U.S. is required. We will not sponsor individuals for employment visas, now or in the future, for this job
