

# Quality Intern - Summer

## Vos activités

### Project Intern will be working on:

- 1. Calibration Monitoring Implementation**
  - Review existing documentation calibration related (i.e. calibration certificates, database etc..)
  - Develop a comprehensive database for all equipment requiring calibration.
  - Establish or document calibration schedules and assign or document responsible contacts.
- 2. Deviation / Disposition Monitoring KPIs**
  - Create or enhance key performance indicators (KPIs) to track disposition turnaround times and backlog.
  - Monitor and compare SAP hold inventory against quality records.

### Project Description and Objective:

- 1. Calibration Monitoring Implementation:**
  - Learn to develop and manage a calibration database.
  - Understand the importance of regular equipment calibration and its impact on quality control.
- 2. Deviation / Disposition Monitoring KPIs:**
  - Gain experience in creating and analyzing KPIs.
  - Learn to use SAP for inventory management and quality record comparison.

### Outcome of Project:

- 1. Calibration Monitoring Implementation:**
  - Develop a plant-wide calibration database that includes:
    - List of equipment and their instrument numbers.
    - Calibration frequency.
    - Contact information for calibration services.
- 2. Deviation / Disposition Monitoring KPIs:**
  - Establish KPIs for monitoring disposition turnaround and backlog.
  - Implement a system to compare SAP hold inventory with quality records.

## **Notre offre**

All your information will be kept confidential according to EEO guidelines.

### **EEO-Statement:**

EEO / AA / Disabled / Protected Veteran Employer. Continental offers equal employment opportunities to all qualified individuals, without regard to unlawful consideration to race, color, sex, sexual orientation, gender identity, age, religion, national origin, disability, veteran status, or any other status protected by applicable law. In addition, as a federal contractor, Continental complies with government regulations, including affirmative action responsibilities, where they apply. To be considered, you must apply for a specific position for which Continental has a current posted job opening. Qualifying applications will be considered only for the specific opening(s) to which you apply. If you would like to be considered for additional or future job openings, we encourage you to reapply for other opportunities as they become available. Further, Continental provides reasonable accommodations to qualified individuals with a disability. If you need assistance in the application process, please reply to [Careers@conti-na.com](mailto:Careers@conti-na.com) or contact US Recruiting at 248.393.5566. This telephone line and email address are reserved solely for job seekers with disabilities requesting accessibility assistance or an accommodation in the job application process. Please do not call about the status of your job application, if you do not require accessibility assistance or an accommodation. Messages left for other purposes, such as following up on an application or non-disability related technical issues, will not receive a call back.

Ready to drive with Continental? Take the first step and fill in the online application.

## **A propos de nous**

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent, and affordable solutions for vehicles, machines, traffic, and transportation. In 2023, Continental generated preliminary sales of €41.4 billion and currently employs around 200,000 people in 56 countries and markets.

With its premium portfolio in the car, truck, bus, two-wheel and specialty tire segment, the Tires group sector stands for innovative solutions in tire technology. Intelligent products and services related to tires and the promotion of sustainability complete the product portfolio. With its tires, Continental makes a significant contribution to safe, efficient and environmentally friendly mobility.
