**Continental Tyre PJ Malaysia
Sdn. Bhd.**

We analyze business requirements and transform them into the latest digital processes and systems. This enables Continental's Tire business to continuously improve production performance and quality results in order to meet customer requirements.

We partner with people from our tire plants and other areas within the company to realize new functionalities or test and evaluate new technology. We are a global, highly motivated IT team that has the freedom to act and embraces diverse thought and perspectives.

If you love to create and improve digital solutions and drive them from idea to implementation, Continental is the perfect match for you.
