

# Global IT Team Lead Sales, Logistics & Commercial Finance Applications - OESL (m/f/diverse)

## Vos activités

The OESL IT department is newly conceived and being built now! With this pioneering effort, OESL IT will be flexible, fast, and forward-thinking. Our IT team will become a strategic advisory partner, strengthening digital capabilities and driving business success.

In your role as **Global IT Teamlead Sales, Logistics & Commercial Finance Applications**, you will work in a dynamic environment and shape the Sales, Logistics & Commercial Finance IT landscape with us. The role handles the relationship towards our business customers as well as to our internal and external suppliers for all Sales, Logistics & Commercial Finance applications. You will be an integral part of the OESL IT's new business applications team, having responsibility for approximately 20+ FTE`s.

## Your Responsibilities:

- Define and manage the IT product portfolio strategy for Sales, Logistics & Commercial Finance applications, ensuring seamless integration with corporate objectives and alignment with sales, supply chain, and financial processes
- Develop and maintain application roadmaps that drive innovation, agility, and operational efficiency across sales, logistics planning, and commercial finance operations
- Responsible for all relevant business and finance SAP modules (e.g., SAP MM, SAP PP, SAP FI/CO, etc.)
- Take full responsibility for the IT product lifecycle, including planning, demand management, delivery, and outcome reporting, ensuring continuous improvement and proactive issue resolution.
- Foster a product-oriented culture with a BizDevOps approach, managing both domestic and international teams for seamless collaboration across time zones and business units
- Build and lead cross-functional product teams, promoting accountability, innovation, and high performance while empowering them to work independently using agile methods
- Ensure effective resource allocation across Sales, Logistics & Commercial Finance IT initiatives, maintain alignment with business priorities, and provide mentorship to foster team development and career growth
- Act as the central liaison between IT, Sales, Supply Chain, and Finance teams, ensuring IT solutions effectively support customer engagement, order fulfillment, supply chain optimization, and revenue management
- Maintain relationships with partners and suppliers in the Sales, Logistics & Commercial Finance Application space, ensuring best-in-class solutions and support
- Drive IT innovation by leveraging emerging technologies (AI, predictive analytics, automation, etc.) to modernize sales processes,

supply chain operations, and financial reporting

- Promote continuous improvement, optimizing IT-enabled customer experience, demand forecasting, supply chain efficiency, and revenue recognition to enhance competitiveness and operational excellence

## Votre profil

- Degree in IT, business informatics / engineering / administration or equivalent
- Proven experience in managing a comprehensive portfolio of Sales, Logistics & Commercial Finance applications, ensuring their seamless integration into a modern IT architecture
- Expertise in IT solutions supporting Sales, order management, supply chain execution, logistics tracking and ERP (SAP modules)
- Experience driving digital transformation initiatives in sales automation, logistics planning, and financial processes, leveraging modern IT solutions to enhance transparency, customer experience, and operational efficiency
- Excellent communication and stakeholder management skills, with the ability to collaborate effectively between IT, sales, supply chain, finance, and external partners
- Strong knowledge of modern IT architectures, including cloud-based sales platforms, supply chain management systems, and finance analytics tools
- Exceptional understanding of sales management, supply chain processes and revenue recognition, with the ability to analyze and optimize processes for efficiency and compliance
- Business acumen and the capability to analyze complex sales, supply chain, and finance requirements and translate them into effective IT solutions
- Demonstrated experience in leading IT projects across multiple stakeholders and cross-functional teams, both locally and internationally
- Advanced skills in multi-project management, with the ability to manage priorities, align resources, and drive timely delivery of Sales, Logistics & Commercial Finance initiatives
- Strong leadership and coaching skills, with the ability to inspire, develop, and motivate high-performing, cross-functional teams
- Ability to articulate complex technical concepts and translate them into understandable language for executives and non-technical stakeholders

Applications from severely handicapped people are welcome.

## Notre offre

### About OESL IT
