

Principal IT Consultant Cybersecurity Risk Management

Your tasks

The Senior IT Consultant Cyber Risk Management is responsible for the implementation and further development of the IT Risk Management System. Additionally, IT risks are identified and assessed. The role significantly contributes to building a sustainable risk culture within ContiTech's IT department.

This role maintains and oversees the cyber risk landscape of ContiTech, creates transparency and ensures decent tracking of risk mitigation measures throughout the risk management lifecycle.

The following tasks are part of this role:

- Work with various data sources to identify cyber risks within the organization
- Market research, sourcing and management of 3rd party provider for cyber risk management
- Conduct cyber risk assessments to evaluate the impact and likelihood of identified risks.
- Prioritize risks based on their potential impact on the organization.

- Designs, implements and manages an IT Service framework for cyber risk management
- Design and implement Cyber risk lifecycle management (identification, control design, mitigation tracking)
- Active tracking of cyber risks, including evaluation of mitigation effectiveness
- Continuous review of security controls related to risk activities in the business and emerging within the cybersecurity industry, suggest new controls by identifying gaps.
- Support in the design phase of internal information security rules

- Risk Dialogue with senior management to establish business alignment of risk appetite to be accepted.
- Scope Cyber Risk insurance based on posture and risk acceptance.

- Risk Reporting

Your profile

- Relevant (best case academic) degree or comparable Cybersecurity certifications (e.g., CISM, CSRT)
- working knowledge of IT Infrastructure and cybersecurity
- English (written and spoken)
- IT service management skills (ITIL) - would be desirable
- Several years of professional experience in IT
- Experience in measuring compliance
- Extensive knowledge of relevant industry standards (e.g., ISO27001, NIST)
- C-level Management communication

About us

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded

in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2022, Continental generated sales of €39.4 billion and currently employs around 200,000 people in 57 countries and markets.

The ContiTech group sector develops and manufactures, for example, cross-material, environmentally friendly and intelligent products and systems for the automotive industry, railway engineering, mining, agriculture and other key industries. Guided by the vision of “smart and sustainable solutions beyond rubber,” the group sector draws on its long-standing knowledge of the industry and materials to open up new business opportunities by combining various materials with electronic components and individual services.
