

Product Development Engineer

Your tasks

HOW HOW YOU WILL MAKE AN IMPACT

Product Development Conveyor Belts - includes support for all conveyor belt types including engineered products for the agricultural market, service materials and special projects as warranted. The emphasis will be on developing products that meet the requirements of our agricultural customers and providing support to maintain those product lines.

- Use technical knowledge of products and systems to directly support customers with product development and application engineering requests
- Define DFMEA and product DVP to meet the project requirements, and develop test plans and procedures
- Drive the New Product Developments from G30 to G80
- Technical lead in development projects, internal or with customers
- Design tooling models and generate complete detailed drawings using CAD software
- Work with Material Platform / Material Process Engineering to define specifications and test procedures for raw material suppliers (cord, fabric, coating, rubber)
- Assist in the development and approval of new alternative material suppliers and support audits if necessary
- Systematically analyze own and competitor products, including their product performance and manufacturing process
- Technical experts to train new engineering staff and other groups in the organization, to help in complaint questions, back-up for Application Engineering

EEO-Statement:

EEO / Disabled / Protected Veteran Employer. Continental offers equal employment opportunities to all qualified individuals, without regard to unlawful consideration to race, color, sex, sexual orientation, gender identity, age, religion, national origin, disability, veteran status, or any other status protected by applicable law. In addition, as a federal contractor, Continental complies with government regulations, including affirmative action responsibilities for qualified individuals with a disability and protected veterans, where they apply. To be considered, you must apply for a specific position for which Continental has a current posted job opening. Qualifying applications will be considered only for the specific opening(s) to which you apply. If you would like to be considered for additional or future job openings, we encourage you to reapply for other opportunities as they become available. Further, Continental provides reasonable accommodations to qualified individuals with a disability. If you need assistance in the application process, please reply to Careers@conti-na.com or contact US Recruiting at 248.393.5566. This telephone line and email address are reserved solely for job seekers with disabilities requesting accessibility assistance or an accommodation in the job application process. Please do not call about the status of your job application, if you do not require accessibility assistance or an accommodation. Messages left for other purposes, such as following up on an application or non-disability related technical issues, will not receive a call back.
