

Senior - Oracle DB & APEX Specialist

Náplň práce

Continental's digital capabilities are growing every day. Our Supply Chain Information Technology Competence Center is the digital backbone of our company's Tire business - and we want you to join us!

Our multinational, diverse team of technologists, mathematicians and business pros provides technology solutions to ensure that the more than 140 million tires Continental sells globally every year are produced and end up in the right place at the right time.

The team uses artificial intelligence, machine learning and advanced analytics to forecast customer demand and plan our global tire production. We're ultimately focused on the customer experience and the continuous improvement of our supply chain.

We're setting up a new Tires IT HUB in Bengaluru and you will be one of our first team members. If you love to build something new, Continental is the perfect match for you. Join us in this thrilling adventure and shape the team with us.

In this exciting job you work on the following tasks:

- Designing, building and implementing supply chain planning solutions with an Oracle DB backend and Oracle APEX frontends in varying scale that transforms business requirements into business value
- Ensuring service operations along agreed service level agreements
- Ensuring on-time completion of critical planning workflows (running 24/7)
- Continuous improvement of solution performance and robustness
- Conducting lessons learned and service improvement initiatives

Profil kandidáta

- Academic degree in computer science, business informatics, software engineering or an equivalent qualification
- Several years of work experience in system operations
- Comprehensive knowledge of Linux environments, shell scripting and oracle database programming (PL/SQL)
- Comprehensive knowledge of Oracle APEX frontends
- Knowledge of Blue Yonder ESP / SCPO solutions beneficial
