

Project Management Office Expert (f/m/d) limited until 12/2026

- REF77458M

Descrição da função

In your role as **Project Management Office (PMO) Expert (m/f/diverse)**, you will work in a dynamic environment and play a key role in supporting the CIO and the IT leadership team. You will act as a strategic enabler, ensuring structured information flow, coordinating key initiatives, and fostering an efficient, collaborative IT culture. You will be in close contact with the OESL IT Management team, directly contributing to the success of our global IT organization.

Your Responsibilities:

- Provide comprehensive administrative and operational support to the CIO, including calendar management, meeting coordination, and preparation of key reports and documents.
- Support the IT Management team in workshop and meeting preparation, agenda setting, collecting input, and follow-ups on action items.
- Act as a key communication liaison, ensuring a seamless and transparent information flow between the CIO office and internal/external stakeholders.
- Prepare executive-level presentations, reports, and strategic communications to align with IT objectives and business goals.
- Support the execution and monitoring of strategic IT initiatives, tracking progress, identifying risks, and ensuring alignment with organizational priorities.
- Facilitate resource allocation and performance tracking, assisting project teams in maintaining timelines and deliverables.
- Champion cultural change and digital transformation initiatives by fostering collaboration, innovation, and an agile work environment.
- Support continuous improvement efforts by optimizing IT workflows, governance structures, and decision-making processes.

Requisitos

- Completed studies or vocational Training in business administration, or a related field.
- Strong organizational and coordination skills, with experience managing executive-level support functions.
- Understanding of cross-department dynamics, virtual collaboration, and executive reporting.
- Knowledge of digital transformation trends and their impact on business processes.
- Understanding of service management concepts and IT governance structures.
- Experience in stakeholder management and communication strategies to support collaboration and engagement.
- Knowledge of change management principles to support cultural
