

Solution Architect Analytics & Reporting

Vaše náplň práce

As a Solution Architect Analytics & Reporting you will join the Service that maintains a data warehouse for storing and processing IT Infrastructure related data. The data is fully historized and can be used for reporting purposes. The service also offers and maintains standard reports (PowerBI) which are used across the company and provides cleaned and integrated data for Self-Service BI.

You will also take care of:

- Maintaining and improving existing reports.
- Creating new report according with the need of our internal customers.
- Provisioning of data and reports related to IT Infrastructure environment.
- Providing access to the reports and PowerBI datamarts/ datasets.
- Developing and maintaining data models to ensure data accuracy, integrity, and accessibility.

Váš profil

- University degree or comparable experience.
- Full Power BI Premium capabilities knowledge and experience (workspaces, apps). You should be familiar with PBI best practices to help us improve, optimize, and build up the environment efficiently.
- Familiar with Agile workstyle - would be nice.
- Dax expressions and power queries (experience/ knowledge of best practices)
- Good data modeling knowledge. (provision, maintenance)
- Monitoring and correction (monitor and correct all necessary parameters like databases, services, volumes)
- Strong skills in visualization, integration of data sets and reporting.
- 1+ year of experience in ITIL and Service Management.
- High self-motivation and continuous improvement drive.
- Customer-orientation.
- Fluency in English speaking and writing.

O nás

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2024, Continental generated sales of €39.7 billion and currently employs around 190,000 people in 55 countries and markets.

With its premium portfolio in the car, truck, bus, two-wheel and specialty tire segment, the Tires group sector stands for innovative solutions in tire technology. Intelligent products and services related to tires and the promotion of sustainability complete the product portfolio. For specialist dealers and fleet management, Tires offers digital tire monitoring and tire management systems, in addition to other services, with the aim of keeping fleets mobile and increasing their efficiency. With its tires, Continental makes a significant contribution to safe, efficient and environmentally friendly mobility.
