

# SAP ABAP Consultant

## Vaše náplň práce

Our Mobile Technologies group within the IT Competence Center SCM & ERP Services at Continentals Group Sector ContiTech drives the digitization in our plants worldwide – and we want you to join us!

In this position you will be part of our global IT team designing benchmark Supply Chain IT solutions. In collaboration with our business partners, we continuously improve processes and performance in order to meet customer demand.

We partner with our Global Central Function and other areas within the company to implement new functionalities or test and evaluate new technology. We are a global and highly motivated IT team that has freedom to act and embraces diverse thoughts and perspectives.

If you love to develop and improve digital solutions and implement them from concept to product, ContiTech is the perfect match for you.

In this exciting job you work on the following tasks:

- Working in an agile team to improve and transform our Supply Chain IT Toolbox with focus on SAP
- Application development and functional testing
- Second level application support
- Collaborating and learning together with IT colleagues from other areas and internal customers globally

## Váš profil

## O nás

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent, and affordable solutions for vehicles, machines, traffic and transportation. In 2023, Continental generated sales of €41.4 billion and currently employs around 200,000 people in 56 countries and markets.

Guided by the vision of being the customer's first choice for material-driven solutions, the ContiTech group sector focuses on development competence and material expertise for products and systems made of rubber, plastics, metal, and fabrics. These can also be equipped with electronic components in order to optimize them functionally for individual services. ContiTech's industrial growth areas are primarily in the areas of energy, agriculture, construction, and surfaces. In addition, ContiTech serves the automotive and transportation industries as well as rail transport.
