

Sustainability Implementation Manager EMEA (Sustainable Purchasing)

Descrição da função

Are you passionate about sustainability and want to make a difference? We're looking for someone to join our Sustainable Purchasing Team. You'll work with a team of dedicated colleagues who care about sustainability just as much as you do.

In a nutshell the position aims to:

- roll out sustainable purchasing actions in the region
- be the first point of contact for the lead buyers and suppliers in the region in regards to sustainable purchasing topics
- reduce the sustainability risk at suppliers in the region

In more detail the tasks of the position are:

- Responsible for sustainable purchasing activities within EMEA region
- Support the responsible value chain (RVC) risk analysis, and drive corrective actions derived from risk analysis or incident cases in direct contact with our suppliers in the respective region
- Roll out the sustainable purchasing strategy and framework into the respective region and represent the region in strategy process
- Consult and support buyers in the mitigation of supplier risks and improvement of their capabilities in the field of responsible value chain and the fields decarbonization, renewable materials and circularity
- Develop and conduct supplier trainings in alignment with related functions
- Monitor local regulations with respect to responsible sourcing
- Support sustainability audits and drive follow up actions
- Engage in internal and external networks to develop and maintain state of the art sustainability expertise related to environmental protection, human rights as well as social and ethical standards
- Onboard suppliers in selected sustainability rating tool (e.g. EcoVadis) and drive improvement actions
- Support, roll out and drive sustainability topics like conflict minerals reporting, CBAM, EUDR or others

Requisitos

- Demonstrated knowledge of purchasing processes, supplier engagement, and development, including strategy formulation
- Strong communication and negotiation skills to effectively convince suppliers and internal stakeholders
- In-depth knowledge of Contitech processes and products
- Expertise in sustainability practices, particularly in responsible

Quem somos

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent, and affordable solutions for vehicles, machines, traffic, and transportation. In 2022, Continental generated sales of €39.4 billion and currently employs around 200,000 people in 57 countries and markets.

The ContiTech group sector develops and manufactures, for example, cross-material, environmentally friendly, and intelligent products and systems for the automotive industry, railway engineering, mining, agriculture, and other key industries. Guided by the vision of “smart and sustainable solutions beyond rubber,” the group sector draws on its long-standing knowledge of the industry and materials to open up new business opportunities by combining various materials with electronic components and individual services
