

Provider Manager & BMC Helix Expert

Vaše náplň práce

Tires IT is looking for an experienced Provider Manager & BMC Helix Expert to join our dynamic IT Service Management (ITSM) team. This role will involve working with a diverse group of professionals to develop, integrate, and maintain BMC Helix/Remedy solutions that meet our clients' unique needs. The ideal candidate will have a strong background in IT service management and a deep understanding of the BMC Remedy and BMC Helix platforms.

Main tasks:

- Collaborate with a dynamic ITSM team to handle incidents, work orders, changes, problems, and customer demands;
- Monitor and maintain the health and performance of the BMC Helix platform;
- Oversee system elements using Continental monitoring tools or by guiding BMC Support;
- Maintain and document all configurations, customizations, and developments, including REST API and other interfaces;
- Develop, adjust, and monitor data integration jobs like ETL jobs in Pentaho;
- Configure, monitor, and adjust Multi Cloud and Jitterbit integrations for internal and external partners;
- Lead review calls with our providers, tracking and escalating service-related topics.

Váš profil

- University degree in Computer Science, Information Technology, or related field;
- 2+ years of experience in BMC Helix Administration or related field;
- Strong knowledge of BMC Helix Cloud Components and on-premise installations;
- Experience with ETL applications, preferably Pentaho Kettle;
- Proficiency in REST API and writing queries;
- Excellent customer service and communication skills.

Co nabízíme

Our offer:

- Integration in a challenging and international work environment;
- Flexible working model;
- Agile and collaborative working style;
- Continuous opportunities for the promotion of talent and training;
- Individual development planning based on your personal needs and targets (e. g. mentoring, trainings or global internal Software Academy);
