

Cloud DevOps Engineer

Tus actividades

Continental's digital capabilities are growing every day. Our Tires Cloud Practice team is building leading cloud-based IT Services for the future that ensure information flows even more smoothly to Continental teams and customers around the world.

The international team operates with an open mind, trust and a healthy sense of humor. If this sounds like you – and if you take pride in crafting cloud solutions – Continental is the perfect match for you.

You will join a young team of dedicated and passionate professionals pushing the frontier of what's possible in cloud technology. As a Cloud DevOps Engineer, you'll develop and operate solutions that accelerate Continental's cloud journey.

In this exciting job you work on the following tasks:

- Implementing Infrastructure as Code (IaC) and GitOps workflows to design, deploy, and maintain cloud architecture solutions
- Building and maintaining CI/CD pipelines that automate testing, deployment, and delivery of cloud-based applications and infrastructure components
- Developing and operating shared services using declarative configuration management and version-controlled infrastructure patterns
- Managing application deployments on Kubernetes
- Serving as a technical role model by sharing cloud engineering expertise across Continental and publishing technical documentation

Tu perfil

- Academic degree in computer science, another technical field or an equivalent qualification
- General knowledge of cloud platforms including architecture, services, networking, and IAM-based security models
- Thorough experience with Infrastructure as Code tools (e.g. Terraform)
- Proficiency in CI/CD processes, pipelines, and automation frameworks
- Advanced programming and scripting skills (e.g. Python, TypeScript)
- Experience with agile workflows and team collaboration methodologies (Scrum, Kanban, DevOps)
- Strong technical documentation skills for incident tracking and knowledge base systems
- Professional working proficiency in English

Acerca de nosotros

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2022, Continental generated sales of €39.4 billion and currently employs around 200,000 people in 57 countries and markets.

With its premium portfolio in the car, truck, bus, two-wheel and specialty tire segment, the Tires group sector stands for innovative solutions in tire technology. Intelligent products and services related to tires and the promotion of sustainability complete the product portfolio. For specialist dealers and fleet management, Tires offers digital tire monitoring and tire management systems, in addition to other services, with the aim of keeping fleets mobile and increasing their efficiency. With its tires, Continental makes a significant contribution to safe, efficient and environmentally friendly mobility.
