

Product Manager Dynamic & Suspension Solutions IEMEA

Your tasks

As the product manager, you are enabling profitable and sustainable sales and growth by holistic steering today's and future portfolio of products and services.

Your tasks:

- Development and implementation of the product strategy for your dedicated product groups (ContiTech BA Industrial Solutions EMEA)
- Product portfolio management under lifecycle and profitability aspects (launch, in-market-phase, end-of-Life, setting of strategic price points, create product training materials, product business performance)
- Driving the organization to implement the product portfolio and roadmap in the most profitable way
- Identifying and developing current and future value-selling opportunities
- Management of Product Master Data for product information management (PIM), product hierarchy and input for marketing activities (e.g. catalogues, trainings)
- Identifying and analyzing specific markets, trends and evolving customer needs
- Support the creation, decision-making and execution of business cases for new business opportunities

Mobile work is supported (hybrid job). In addition, the link and presence in one of our DSS plants is preferred.

The position can be staffed within any ContiTech IEMEA plant.

Your profile

- Academic degree in Economics, Economical Engineering, Engineering, Business Administration or similar field
- Several years professional experience in a B2B environment in at least one of the following functional areas: Product Management, Sales, Marketing, Product Development/Application Engineering or Project Management
- Experienced in industrial products, especially in the rubber area
- Proven project management and project leadership experience
- Proven ability to successfully work in highly diverse global teams
- Good organizational, teamwork and problem-solving skills

Intercultural/International Experience:

- Excellent multicultural communication and networking skills
- Language skills: highly proficient user of English language (written & spoken)
- Flexibility and willingness for domestic and international business

About us

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2022, Continental generated sales of €39.4 billion and currently employs around 200,000 people in 57 countries and markets.

The ContiTech group sector develops and manufactures, for example, cross-material, environmentally friendly and intelligent products and systems for the automotive industry, railway engineering, mining, agriculture and other key industries. Guided by the vision of “smart and sustainable solutions beyond rubber,” the group sector draws on its long-standing knowledge of the industry and materials to open up new business opportunities by combining various materials with electronic components and individual services.
