

Purchasing Platform Specialist SAP S/4HANA Implementation

Náplň práce

Project Support: Serve as the key user for the SAP S/4HANA implementation project, representing the purchasing department's interests and requirements.

System Knowledge: Utilize in-depth knowledge of SAP MM (Materials Management) to support the configuration and customization of the new system.

Stakeholder Collaboration: Work closely with IT, procurement, and other internal stakeholders to gather requirements, provide input, and ensure alignment on project goals.

User Support: Provide support to internal users during the implementation, addressing any issues and ensuring a smooth transition to the new system.

Training and Support: Develop and deliver training materials and sessions for internal users on the new SAP S/4HANA system.

Data Migration: Assist in the migration of data from SAP R/3 to SAP S/4HANA, ensuring data integrity and accuracy.

System Optimization: Identify and implement enhancements to the new system to improve functionality and user experience.

Compliance: Ensure all activities related to the implementation comply with company policies, industry regulations, and legal requirements.

Reporting: Generate and analyze reports on project progress, system performance, and user feedback to drive continuous improvement.

Profil kandidáta

Education: Bachelor's degree in business, Information Technology, or a related field.

Experience: Minimum of 3-5 years of experience in procurement, project management, or a related role.

Technical Skills: In-depth knowledge of SAP MM and experience with SAP S/4HANA implementation. Strong Excel skills are a plus.

Communication Skills: Excellent verbal and written communication skills. Ability to work effectively with internal stakeholders and suppliers.

Attention to Detail: Strong attention to detail and organizational skills.

Problem-Solving: Ability to identify and resolve issues related to system implementation and functionality.
