

# Analog-Mixed Design Engineer for Microelectronics Integration Design Center - TO RAE (TM)

## あなたの仕事内容

### Job Description

As an ASIC design engineer you specify, design and implement functional circuit blocks to meet the specifications of an IC.

You have the opportunity to work on Continental's diverse innovative automotive applications and find optimized solutions for their specific needs.

The stringent automotive requirements are to be met during design.

Willingness to support the circuit's layout and testing is desired.

### Your tasks include

- Participation in feasibility studies for ASICs and specification definition
- Transistor level circuit design
- Design, simulation and test of analog and mixed signal circuits
- Design documentation
- Design validation
- Development of test procedures

## あなたのプロフィール

### Qualifications

Master of Science / PhD in Electrical Engineering / Microelectronics / Physics or similar

- 2+ years of relevant design experience in electronic products
- Experience in design of analog circuits
- Understanding of semiconductor backend production (testing, assembly, failure analysis)
- Experience with Electronics CAD Tools (ideally IC design know-how, Cadence, Synopsys, Mentor)
- Very good English language skills written and spoken
- Planning and organizing skills, ability to take initiative and to communicate effectively, eagerness to grow and develop

**Desired design experience in one or more of the following**

ジョブID  
**REF79962H**

業務分野  
エンジニアリング

勤務地  
**Timișoara**

リーダーシップレベル  
**Leading Self**

勤務に関する柔軟性  
**Hybrid Job**

法的事項  
**Continental Automotive Romania SRL**

- Reference circuits
- Amplifiers
- ADCs
- Interface design
- Regulators
- Layout
- Digital design.

オファー

Pay for Performance:

- Achievement Bonuses and Rewards;
- Relocation Bonus for non-Timisoara Residents;
- Recommendation Bonuses for new team members;
- Flexibility Program including flexible hours, mobile work and sabbaticals.

Wellbeing:

- Health & Wellness (Private Health Insurance, Life Insurance, Sport activities etc.);
- Different discounts (glasses, tires, medical, shopping);
- In-house restaurant & coffee corners.

Life-Long Learning:

- Technical, Soft Skills & Leadership trainings;
- Dedicated Programs and Conferences;
- Free Language Courses (English, German, French etc);
- Access to e-learning platforms;
- Career development opportunities (local and international);
- Internal development communities (Experts, Agile Community of Practice, Artificial Intelligence etc).
