

Working Student - Marketing / Product Management Tires EMEA (m/f/d) - REF80581W

Your tasks

For the area of Program Management EMEA we are looking for a working student (m/f/diverse) to support our team from **June 1st, 2025** for a period of **12 up to 24 months** for **20h a week**.

We will need you partly **on-site at our office in Hannover**. However, we understand that there are days when you would prefer to work from home. Therefore, we will find a solution that works for all of us - **remote working** hours are possible in consultation with your supervisor.

In an international working environment, you will take over activities in the field of Program Management. In addition to working directly with the Program Managers, your tasks will also include communication and interaction with local market organizations, product development departments and other Program Management stakeholders.

Your tasks include:

- Support in planning, coordination and marketing of new products
- Assistance in the process of marketing material creation in consultation with relevant stakeholders such as Communications-, R&D-department and external agencies
- Analysis of Conti internal size coverages as well as competitor size ranges
- Support in range cleaning processes (analysis and communication with relevant stakeholders, maintenance of article stop-dates)
- analysis of the international competitive environment with a focus on new products and technologies of commercial consumer tires (e.g. product launches, EV-, digital solutions-strategy)
- Support in article creation process and maintenance/data adjustments of running articles
- Project support in international projects

Your profile

- Student (m/f/d) in the field of economics, business administration, marketing, mechanical engineering, automotive engineering, business informatics or a comparable field of study
- Affinity and enthusiasm for the international automotive industry and passion to collaborate with a highly motivated team of experienced tire experts
- Analytical way of thinking and affinity to business IT systems
- Secure handling of MS Office programs (Excel, PowerPoint, Teams)
- Experience with Power BI welcome
- Very good knowledge of English, written and spoken. German language skills are an advantage.
